Bio

I'm interested in emerging technologies. And I always learn how things really operate. I constantly make sure to create the finest user experience possible for websites and web applications. To me, quality is the top priority. And I have an ISTJ personality type.

Work experience

Themefisher

Jun 2018 – Present

Dev Team Lead

Themefisher is a static theme marketplace. It's the core brand of 3 websites (themefisher.com, gethugothemes.com, statichunt.com). My role here is to lead the whole dev team.
